1. PRODUCT & COMPANY IDENTIFICATION

1.1 Product Name: THINSET BRUSH-ON ADHESIVE

1.2 Chemical Name: Cyanoacrylate Mixture

1.3 Synonyms: NA

1.4 Trade Names: NA201, NA211, NA204, NA212

1.5 Product Use: Professional or Sundry Use Only

1.6 Distributor’s Name: OPI Products, Inc.

1.7 Distributor’s Address: 13034 Saticoy Street, No, Hollywood, CA 91605 USA

1.8 Emergency Phone: CHEMTREC: +1 (703) 527-3887 / +1 (800) 424-9300 (CCN 16377)

1.9 Business Phone / Fax: +1 (818) 759-2400 / +1 (818) 759-5776

2. HAZARDS IDENTIFICATION

2.1 Hazard Identification: This product is classified as a hazardous substance and as dangerous goods according to the classification criteria of [NOHSC: 1088 (2004)] and ADG Code (Australia).

WARNING! CAUSES SKIN IRRITATION. MAY CAUSE AN ALLERGIC SKIN REACTION. CAUSES SERIOUS EYE IRRITATION. MAY CAUSE RESPIRATORY IRRITATION.

2.2 Hazard Statements

Skin Irrit. 2; Eye Irrit. 2; STOT SE 3; H315, H319, H335

4. FIRST AID MEASURES

4.1 First Aid:

Ingestion: If ingested, do not induce vomiting. If product has been swallowed, drink plenty of water or milk IMMEDIATELY. If the patient is vomiting, continue to offer water or milk. Never give water or milk to an unconscious person. Contact the nearest Poison Control Center or local emergency number. Provide an estimate of the time at which the material was ingested and the amount of the substance that was swallowed.

Skin: This product binds skin immediately. Do not pull. Peel slowly using acetone, (use lukewarm water only for product removal, if skin bonding has occurred near the eyes). If irritation occurs and product is on the skin, rinse thoroughly with lukewarm water, followed by a thorough washing of the affected area with soap and water. If irritation, redness or swelling persists, contact a physician immediately. May bond skin to clothing and may release heat, causing burns. Cool burned area immediately with cold water. If clothing adheres to skin, do not pull; peel slowly under lukewarm water. Consult a physician for treatment of burns.

Eyes: Contact a physician immediately. Do not try to open the eye. Flush with cool water for at least 15 minutes opening and closing eyelids to ensure thorough irrigation. If irritation persists, contact a physician.

Inhalation: Remove victim to fresh air at once. If breathing stops, perform artificial respiration. Seek immediate medical attention.

Clothing: May bond skin to clothing and release heat, causing burns. Cool burned area immediately with cold water. If clothing adheres to skin, do not pull; peel slowly under lukewarm water. Consult a physician for treatment of burns.
4. FIRST AID MEASURES – cont’d

4.2 Effects of Exposure:

<table>
<thead>
<tr>
<th>Route of Exposure</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ingestion</td>
<td>If product is swallowed, may cause nausea, vomiting and/or diarrhea and central nervous system depression.</td>
</tr>
<tr>
<td>Eyes</td>
<td>Vapor of this product may be mildly to moderately irritating to the eyes. Symptoms of overexposure may include redness, itching, irritation and watering.</td>
</tr>
<tr>
<td>Skin</td>
<td>May be irritating to skin in some sensitive individuals, especially after prolonged or repeated skin contact. May bond skin to clothing and release heat, causing burns.</td>
</tr>
<tr>
<td>Inhalation</td>
<td>Inhalation of vapors is unlikely under normal conditions of use. Vapors of this product may be slightly irritating to the nose, throat and other tissues of the respiratory system. Symptoms of overexposure can include coughing, wheezing, nasal congestion, and difficulty breathing. Inhalation of vapors exceeding the levels listed in Section 3 (Composition and Ingredient Information) can cause central nervous system depression (e.g., drowsiness, dizziness, headaches, nausea).</td>
</tr>
<tr>
<td>Clothing</td>
<td>May bond skin to clothing and release heat, causing burns.</td>
</tr>
</tbody>
</table>

4.3 Symptoms of Overexposure:

Symptoms of skin overexposure in some sensitive individuals may include redness, itching, and irritation of affected areas. Overexposure of vapor in eyes may cause redness, itching and watering.

4.4 Acute Health Effects:

Mild to moderate irritation to skin near affected areas. Vapor of this product may be mildly to moderately irritating to the eyes and mucous membranes. Symptoms of overexposure may include redness, itching, irritation and watering. Additionally, high concentrations of vapors can cause drowsiness, dizziness, headaches and nausea.

4.5 Chronic Health Effects:

None known.

4.6 Target Organs:

Eyes, Skin, Respiratory System.

4.7 Medical Conditions Aggravated by Exposure:

Pre-existing dermatitis, other skin conditions, and disorders of the target organs (eyes, skin, and respiratory) may be worsened by exposure to this product.

5. FIREFIGHTING MEASURES

5.1 Fire & Explosion Hazards:

Rapid polymerization may occur at very high temperatures.

5.2 Extinguishing Methods:

Water, CO₂, Halon (if permitted), Dry Chemical.

5.3 Firefighting Procedures:

When involved in a fire, this product will ignite readily and decompose to produce oxides of carbon and nitrogen and hydrogen cyanide. Vapors of this product are heavier than air and may travel to a source of ignition and flash back to a leaking or open container. First responders should wear eye protection. Structural firefighters must wear SCBAs and full protective equipment. Use a water spray or fog to reduce or direct vapors. Water may not be effective in actually extinguishing a fire involving this product.

6. ACCIDENTAL RELEASE MEASURES

6.1 Spills:

Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment.

For small spills (e.g., < 1 gallon (3.8 L)) wear appropriate personal protective equipment (e.g., goggles, gloves). Maximize ventilation (open doors and windows) and secure all sources of contaminated clothing. Remove spilled material with absorbent material and place into appropriate closed container(s) for disposal. Dispose of properly in accordance with local, state and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash thoroughly before reuse.

For large spills (e.g., ≥ 1 gallon (3.8 L)), deny entry to all unprotected individuals. Dike and contain spill with inert material (e.g., sand or earth). Transfer liquid to containers for recovery or disposal and solid diking material to separate containers for proper disposal. Remove contaminated clothing promptly and wash affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.

7. HANDLING & STORAGE INFORMATION

7.1 Work & Hygiene Practices:

Avoid prolonged or repeated skin contact. Avoid breathing vapors of this product. Use eye protection when using this product. Use in a well-ventilated location (e.g., local exhaust ventilation, fans). After use, wash hands and exposed skin with soap & water. Do not eat, drink or smoke while handling product.

7.2 Storage & Handling:

Open containers slowly on a stable surface. Keep container closed tightly when not in use. Empty container may contain residual amounts of this product; therefore, empty containers should be handled with care. Store containers in a cool, dry location, away from direct sunlight, other light sources, or sources of intense heat. Store away from incompatible materials (See Section 10, Stability and Reactivity).

7.3 Special Precautions:

Open containers slowly on a stable surface. Keep container tightly closed when not in use. Empty containers may contain residual amounts of this product; therefore, empty containers should be handled with care.

8.2 Ventilation & Engineering Controls:
When working with large quantities of product, provide adequate ventilation (e.g., local exhaust ventilation, fans). Ensure that an eyewash station or washbasin is available in case of exposure to eyes.

8.3 Respiratory Protection:
No special respiratory protection is required under typical circumstances of use or handling. If necessary, use only respiratory protection authorized per U.S. OSHA's requirement in 29 CFR §1910.134, or applicable U.S. state regulations, or the appropriate standards of Canada, its provinces, E.C. member states, or Australia.

8.4 Eye Protection:
Safety glasses with side shields should be used with this product. This product is irritating to the eyes.

8.5 Hand Protection:
WARNING! THIS PRODUCT WILL BOND SKIN INSTANTLY. Therefore, the use of latex or rubber gloves is recommended. If necessary, refer to U.S. OSHA 29 CFR §1910.138, the appropriate standards of Canada, or the E.C. member states.

8.6 Body Protection:
WARNING! THIS PRODUCT WILL BOND SKIN INSTANTLY. Therefore, the use of an apron is recommended. When handling large quantities (e.g., ≥ 1 gallon), eye wash stations and deluge showers should be available. Upon completion of work activities involving large quantities of this product, wash any exposed areas thoroughly with soap and water.

9. PHYSICAL & CHEMICAL PROPERTIES

9.1 Appearance:
Viscous liquid

9.2 Odor:
Ester-like (fruity) odor

9.3 Odor Threshold:
ND

9.4 pH:
NA

9.5 Melting Point/Freezing Point:

9.17 Other Information:
NA

10. STABILITY & REACTIVITY

10.1 Stability:
Stable under ambient conditions when stored properly (See Section 7, Storage and Handling).

10.2 Hazardous Decomposition Products:
If exposed to extremely high temperatures, the products of thermal decomposition may include irritating vapors and carbon oxide gases and hydrogen cyanide (e.g., CO, CO<sub>2</sub>, HCN).

10.3 Hazardous Polymerization:
May occur, if exposed to extremely high temperatures or exposed to moisture.

10.4 Conditions to Avoid:
Exposure to or contact with extreme temperatures, strong light sources or incompatible materials.

10.5 Incompatible Substances:
This product is incompatible with strong oxidizers (e.g., peroxides, superoxides), strong acids (e.g., hydrochloric or muriatic acids), or strong bases (e.g., lye, potassium hydroxide).

11. TOXICOLOGICAL INFORMATION

11.1 Routes of Entry:
Inhalation: YES Absorption: YES Ingestion: YES

11.2 Toxicity Data:
This product has NOT been tested on animals to obtain toxicological data. There are toxicology data for the components of this product, which are found in the scientific literature. These data have not been presented in this document.

11.3 Acute Toxicity:
See Section 4.4

11.4 Chronic Toxicity:
See Section 4.5

11.5 Suspected Carcinogen:
This product contains Poly(Methymethacrylate), which is not carcinogenic to humans but is listed as a Group 3 carcinogen by IARC.
### 11. TOXICOLOGICAL INFORMATION – cont’d

| Mutagenicity: | This product is not reported to cause reproductive toxicity in humans. |
| Embryotoxicity: | This product is not reported to produce mutagenic effects in humans. |
| Teratogenicity: | This product is not reported to produce embryotoxic effects in humans. |
| Reproductive Toxicity: | This product is not reported to cause teratogenic effects in humans. |
| Irritancy of Product: | See Section 4.3 |
| Biological Exposure Indices: | NE |
| Physician Recommendations: | Treat Symptomatically. |

### 12. ECOLOGICAL INFORMATION

| Environmental Stability: | This product will slowly volatile from soil. Components of this product will slowly decompose into organic compounds. |
| Effects on Plants & Animals: | There are no specific data available for this product. |
| Effects on Aquatic Life: | There are no specific data available for this product; however, very large releases of this product may be harmful or fatal to overexposed aquatic life. |

### 13. DISPOSAL CONSIDERATIONS

| Waste Disposal: | Waste disposal must be in accordance with federal, state, and local regulations. |
| Special Considerations: | NA |

### 14. TRANSPORTATION INFORMATION

The basic description (ID Number, proper shipping name, hazard class & division, packing group) is shown for each mode of transportation. Additional descriptive information may be required by 49 CFR, IATA/ICAO, IMDG and the CTDGR.

| 49 CFR (GND): | NOT REGULATED |
| IATA (AIR): | UN3334, AVIATION REGULATED LIQUID, N.O.S. (ethyl cyanoacrylate), 9 (IP VOL ≤ 0.5 L) |
| IMDG (OCN): | NOT REGULATED |
| TDG/R (Canadian GND): | NOT REGULATED |
| ADR/RID (EU): | NOT REGULATED |
| SCT (MEXICO): | NOT REGULATED |
| ADGR (AUS): | NOT REGULATED |

* This product may also be shipped as an Excepted Quantity (Inner Package Volume ≤ 30 mL, Total Quantity ≤ 500 mL per Outer Package)

### 15. REGULATORY INFORMATION

| SARA Reporting Requirements: | This product does not contain any substances subject to SARA Title III, Section 313 reporting requirements. |
| SARA Threshold Planning Quantity: | There are no specific Threshold Planning Quantities for the components of this product. |
| TSCA Inventory Status: | The components of this product are listed on the TSCA Inventory. |
| CERCLA Reportable Quantity (RQ): | NA |
| Other Federal Requirements: | This product complies with the appropriate sections of the Food and Drug Administration’s 21 CFR subchapter G (Cosmetics). |
| Other Canadian Requirements: | This product has been classified according to the hazard criteria of the CPR and the MSDS contains all of the information required by the CPR. The components of this product are listed on the DSL/NDSL. None of the components of this product are listed on the Priorities Substances List. |
| State Regulatory Information: | Ethyl Cyanoacrylate is found on the following state criteria list: New Jersey Right-to-Know List (NJ), Poly(Methylmethacrylate) is found on the following state criteria list: NJ and Pennsylvania Right-to-Know List (PA). No other ingredients in this product, present in a concentration of 1.0% or greater, are listed on any of the following state criteria lists: California Proposition 65 (CA65), Delaware Air Quality Management List (DE), Florida Toxic Substances List (FL), Massachusetts Hazardous Substances List (MA), Michigan Critical Substances List (MI), Minnesota Hazardous Substances List (MN), New Jersey Right-to-Know List (NJ), New York Hazardous Substances List (NY), Pennsylvania Right-to-Know List (PA), Washington Permissible Exposures List (WA), Wisconsin Hazardous Substances List (WI). |

## 16. OTHER INFORMATION

### 16.1 Other Information:

**WARNING!** CAUSES SKIN IRRITATION. MAY CAUSE AN ALLERGIC SKIN REACTION. CAUSES SERIOUS EYE IRRITATION. MAY CAUSE RESPIRATORY IRRITATION. Do not store near eye drops. Eye irritant. If eye contact occurs, flush immediately with water and seek medical attention. **BONDS SKIN INSTANTLY.** If skin bonds, do not pull - peel apart gently using acetone. Avoid contact with fabrics as heat may occur. Keep container tightly closed. **P261** – Avoid breathing fume/ mist/vapors/spray. Wash exposed skin areas thoroughly with soap and water after handling. Wear protective gloves/protective clothing/eye protection/face protection. IF ON SKIN: Wash with soap and water. IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. If skin irritation or a rash occurs – Get medical advice/attention. Store in a well-ventilated place. Keep cool. **KEEP OUT OF REACH OF CHILDREN.**

### 16.2 Terms & Definitions:

See last page of this Safety Data Sheet.

### 16.3 Disclaimer:

This Safety Data Sheet is offered pursuant to OSHA’s Hazard Communication Standard, 29 CFR §1910.1200. Other government regulations must be reviewed for applicability to this product. To the best of ShipMate’s & OPI’s knowledge, the information contained herein is reliable and accurate as of this date; however, accuracy, suitability or completeness is not guaranteed and no warranties of any type, either expressed or implied, are provided. The information contained herein relates only to the specific product(s). If this product(s) is combined with other materials, all component properties must be considered. Data may be changed from time to time. Be sure to consult the latest edition.
